

FIRST WEEK

- Chose the platform of the website
- Contact Alphonso Roundtree
- Research about some features such as facebook API, gallery, tabs
- Created Google docs journal, GitHub repository
- Set weekly meetup time

... what we did ...

policecommunity8.wordpress.com

What we want to accomplish?

- Build the bridge to connect the gap by sharing positive images, stories and social media links on what polices are doing for our community

What's the issue ?

- Stereotype based on
 - Misunderstanding
 - Not experienced the good side of Police, instead might have had bad experiences

SECOND WEEK

- Matt joined
- Decided to use Wordpress
- Completed navigation
- Searched stories about police
- Designed logo
- Had quizz idea
- Skyped with SVImpact team & Alphonso

THIRD WEEK

- Added more relevant content to Wordpress
- Transferred contents from docs
- Added quiz using polldaddy
- Added Gallery slide show feature
- Changed the theme from sidebar to topbar

FORTH WEEK

- Completed slides for presentation
- Added more stories
- Changed poll to quizz style
- Fixed the issue of post not showing figured it was <div hide> attribute did that
- Skyped with SVImpact team again for questions and feedback
- Emailed Alphonso for missing info about Sponsor, Donate, and contact pages

What we learned these during this 5 weeks

- Organizing skill
- Coordinating/Communication
- Team work, sharing responsibility
- Learned from the mistakes
- Web developing skill such as html, css, wordpress interface
- Several local police fb pages
- Changed the perspectives how we look at the police now
